

# DEFENSE LOGISTICS AGENCY

AMERICA'S COMBAT LOGISTICS SUPPORT AGENCY

---

The seal of the Defense Logistics Agency is centered in the background. It features a bald eagle with wings spread, perched on a shield with vertical stripes. Above the eagle is a banner with the word "LOGISTICS". The entire seal is set against a circular background with a globe-like pattern.

## Using Your EMS To Implement Executive Order 13514

*Mr. James Wozniak  
Defense Logistics Agency*

*E2S2, 16 June 2010*

Report Documentation Page				Form Approved OMB No. 0704-0188	
Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

### Part II

## The President

---

**Executive Order 13423—Strengthening  
Federal Environmental, Energy, and  
Transportation Management**

# EMS-E.O. Requirements

---

- Implement EMS to ensure:
  - use of EMS as the primary management approach for addressing environmental aspects of internal agency operations and activities, including environmental aspects of energy and transportation functions
  - establishment of agency objectives and targets to ensure implementation of this \_\_\_\_\_, and
  - collection, analysis, and reporting of information to measure performance in the implementation of this \_\_\_\_\_.

# EMS-E.O. Requirements

- Implement EMS to ensure:
  - use of EMS as the primary management approach for addressing environmental aspects of internal agency operations and activities, including environmental aspects of energy and transportation functions
  - establishment of agency objectives and targets to ensure implementation of this \_\_\_\_\_, and
  - collection, analysis, and reporting of information to measure performance in the implementation of this \_\_\_\_\_.

**E.O. 13423 Sec. 3.(b)**

# EMS-E.O. Requirements

---

- The management system will serve as the management framework under which agencies and their facilities or organizations identify, manage, and improve the sustainable practices identified in Section 2 of the E.O. and identify and collect performance measurement information to address the reporting requirements of Section 3(g) of the E.O.

# EMS-E.O. Requirements

- The management system will serve as the management framework under which agencies and their facilities or organizations identify, manage, and improve the sustainable practices identified in Section 2 of the E.O. and identify and collect performance measurement information to address the reporting requirements of Section 3(g) of the E.O.

**E.O. 13423 Implementing  
Instructions Sec. II.A.(1)**

# EMS-E.O. Requirements

---

- When properly implemented, a management system enables an organization to clearly identify and establish goals, develop and implement plans to meet the goals, determine measurable progress towards the goals, and make improvements to ensure continual improvement. Where programs to support the sustainable practices related to environmental-, transportation-, or energy-related activities already exist within an organization, they are not replaced or overtaken by the management system but contribute to and, are enhanced by, the system.

# EMS-E.O. Requirements

- When properly implemented, a management system enables an organization to clearly identify and establish goals, develop and implement plans to meet the goals, determine measurable progress towards the goals, and make improvements to ensure continual improvement. Where programs to support the sustainable practices related to environmental-, transportation-, or energy-related activities already exist within an organization, they are not replaced or overtaken by the management system but contribute to and, are enhanced by, the system.

**E.O. 13423 Implementing  
Instructions Sec. II Preamble**

# EMS-E.O. Requirements

---

- Sustain environmental management by:
  - continuing implementation of formal environmental management systems at all appropriate organizational levels; and
  - ensuring these formal systems are appropriately implemented and maintained to achieve the performance necessary to meet the goals of this order.

# EMS-E.O. Requirements

---

- Sustain environmental management by:
  - continuing implementation of formal environmental management systems at all appropriate organizational levels; and
  - ensuring these formal systems are appropriately implemented and maintained to achieve the performance necessary to meet the goals of this order.

**E.O. 13514 Sec. 2.(j)**

# FY09-11 Federal/DoD EMS Metrics

---

## EMS for E.O. 13423 Sustainable Practices

1. Energy Use
2. Greenhouse Gas Emissions
3. Renewable Energy Use
4. Water Use
5. Purchasing
6. Solid Waste Generation
7. Purchasing and Using Toxic or Hazardous Chemicals
8. Construction/Lease/Operation/Maintenance of Buildings
9. Vehicle Fleet Use/Petroleum Products Use
10. Purchase/Use/Disposal of Electronic Equipment
11. Environmental Regulatory Compliance

# FY09-11 Federal/DoD EMS Metrics

## EMS for E.O. 13423 Sustainable Practices

- Seven questions for each E.O. 13423 Sustainable Practice
  - a. Has an assessment of the facility's/organization's practices for [sustainable practice] been conducted?
  - b. Is [sustainable practice] identified as a 'significant aspect'?
  - c. Have objectives and targets been established for [sustainable practice]?
  - d. Are these objectives and targets included in the EMS?
  - e. Have plans and programs been implemented to address for [sustainable practice]?
  - f. Are these plans and programs included in the EMS?

# Strategic Sustainability Performance Plan

---

- Develop, implement, and annually update an integrated Strategic Sustainability Performance Plan that will achieve the sustainability goals and targets of E.O. 13514

# Strategic Sustainability Performance Plan

---

- Develop, implement, and annually update an integrated Strategic Sustainability Performance Plan that will achieve the sustainability goals and targets of E.O. 13514

**E.O. 13514 Sec. 8**

# Challenges

---

- To meet our goals and requirements we must realistically address two challenges:
  - None of the goals and targets can be met solely by agency headquarters action; and
  - Meeting the goals and targets requires coordinated action from a variety of different functions which may not, in the past, have needed to work closely together.

# Framework for Sustainability

---

- EMS is the primary framework for identifying and tracking actions to achieve goals and measuring goal progress
- Existing sustainability programs should be integrated into existing and future EMSs
- EMSs facilitate information and data collection, analysis, and reporting
